

9/4/68

Dear Russ,

Your letter of 7/7 goes into a number of things that were and are of interest. I have not heard from you since. I did respond the next week, when I returned from H.O.

Since then I have more than doubled the size and content of COUP D'ETAT. In some ways it is the most frightening yet. These things, Malcolm, Vallee in particular, could add much to it.

Those other things you said you'd send are also important. I have not received them or anything else from you.

Particularly with what has recently happened in your city does it make me wonder if anything has happened to you.

As my work moves forward, I develop more and more interest in what calls itself the National States Rights Party. Anything you or your friends have or come across relating to these most dedicated of the dedicated wrong, may be important and I would welcome it. I have moved considerably ahead of Q in NO 384, with rather significant evidence.

If you can get in touch with Gregory, please try and encourage him to let me know when he will be in Washington so I can arrange to show him some of my newer materials. I am confident he will have great interest. It includes the reel inside on King and the Birmingham church. And it is in context. If he wanted to come here and look at more, we could provide the necessary accommodations. None of these people has ever gotten in the slightest interested. Those who survive it will regret it.

Hope you are well and that it is only your preoccupation that causes your silence and unfilled promises.

Sincerely,

Harold Weisberg
