

Call at 9:50 a.m. 6/24/68, ended about 10:40

She began with her need to be away, including two weeks at CIA major station on Barrett(~~EX~~ ?) St., Chicago. (Barker? Barclay Must go west first. She later said she also had to go to Washington and Seattle and she wanted to go to Israel, where she hasn't been since Purin, when she was there 2-3 days. Had wanted to go for Passover.

She then said she had learned she was entitled to benefits, if not unemployment, through ~~ax~~ letter to Wells and his answer. These are different benefits she did not specify.

Raul saw her yesterday. Her mother had seen him and invited him over to see her, saying she had been in association with subversives, meaning, apparently, me. He said that there had been three interrogations, not two, and that there had been one by Moo. Mine was the last. He mentioned names.

She is sorry she cannot let me have her nice apartment on St. Peter St, but someone is there for 6 weeks. She had had it for some time. She has had a number of different offers, all better and with higher pay. Not campnay, apparently people vs or interested in company. One of the reasons is that she is an expert in the Dover, key code. "I know all about it" and "very few people" doX. "It makes me valuable at the moment. Later she referred to writing in a foreign language and in code about Marquez-Diaz that she could try and translate.

Raul told her he will not talk to us any more, instead will go to see Aaron Kohn, whose full "position" is not public and has to do with talking to federal judges. Said she would not say whether he was there in conversation she quoted from federal judge at party week ago. Raul told her of eight people with or involve with Philip/

She knows all about Kerry going to newspapers with two people, getting out of paper and entering Perry Russo's cab, and what followed. She also knows other things about Kerry.

She is very fond of Bernie. She was dating a shrink-hers-two years ago when they bumped into Bernie and Jack Burnside. The shrink is involved but not company and scared to death. Confirms Jack is on other side, as are a number of people, some of whom are double agents, but paid by other side only. Four of these and one on Jim's staff cooperating with federals, without pay. When I said "he" she said I didn't say it was a man and I couldn't cross her up that way. I hadn't thought of it that way, had no such intention, but found myself wondering if she meant a woman. Jodi?

She said she speaks more than 5 languages and several dialects. Even ~~XXXX~~ Uncle didn't know about 2. Her Russian is rusty, has to brush up. She wants to learn two more by September.

Her mother, by inference, connected with other side, nit just sympathetic. I told her her mother might get hurt and I wanted to avoid that.

There is a mail seizure order out on her. She has seen it in writing. Only registered mail not interfered with. Afriad of stink. She has or will check on registered mail that did not reach me. She has receipt.

Her medical problems are serious and include uninterrupted and off-schedule menstruation, which has been for a while. Promised to call Dr. Om today and obhopaedist, who has her on new drug. They had had her on another

and an experimental drug and when she began to lose her hair she reported it and they took her off. Her leg is not responding. It is now thinner than her thin wrist. The cast is so loose a kind of lizard ran into it. She does sound concerned about her medical problems. There is a third one she did not identify save to say it was related to one of others.

She will try and make reservations for me for end of week for two weeks and she will delay her departures through then. Prospects slim on Jeff Hiway this time of year because of families of Ochsner patients.

There is still a mystery on what personal things she is trying to clean up. Some are not company, she says.

She says she is satisfied Bernie knows nothing, that she grilled him for 16 hours (rather much is he knew nothing), that he says he is tired of the whole thing and will speak no more about it, and she is getting the same way.

She says she has a facility with codes

Friday or Saturday I understood her to say she learned from her mother that the Bringuier case had been transferred to federal court. Today she said she earned it from the CIA office. I asked about this and she said that what her mother had told her was that she has seen news of the move in the papers.

Once again we were disconnected. When she called back she said it was at my end.?
