RE: SADO-MASOCHISTS - SAN FRANCISCO

* * * * *

The following information was furnished by a woman who was married to one of the subjects. The information contains absolutely no relationship at this point to the assassination investigation. However, it is being recorded in the event the names at some time become meaningful.

She said that she was married to a Chinese by the name of C. TSU PENG who is a scientist at the University of California Medical Center in San Francisco. PENG is very close to a STEPHEN WISSIG also employed at the Medical Center. Both of these men have doctorates. Both are SM. Both have very definite genocidic and totalitarian tendencies. The informant stated that WISSIG has boasted about being associated with the CIA. However, she does not know whether this is true or mere bombast. She said that WISSIG is well to-do in his own right. Both subjects are associated with a man by the name of MOHAMMED SCALY originally from Morocco whom she claims has connections with the Mafia and frequently goes to Las Vegas, Nevada.

It is to be pointed out that this informant is a member of the art colony, quite esoteric in her own right, and very imaginative. However, the closeness of her relationship to these people would seem to indicate that her information about their sexual tendencies is accurate. In the event any further inquiry is necessary on these people, I can re-contact her within a day or two.
