Dear Mr. Viglione,

Reur 2/5, you'll be ^uelcome to go over and copy any of the records I got via FOIA. The records are in the basement, the copier upstairs in my office and I regret I can't go to the basement to help you.

The mass of those records may to a large degree frustrate access. However, I have a file of duplicates of some that I refer to as my "subject" file, and access to that is simple and easy. It is about a file cabinet and a half, with records in file folders by name.

I'm 83 now, in impaired health, and I keep what for most people are strange hours. I retire at about 4:30 p.m. But I do most of my work when others are asleep.

Three days a week I have blood tests and am home about 8 a.m. The other three days I walk early and am home by 6 a.m.

Enclosed is the list of the books I published. We prefer prepayment. We are only two elderly people and avid all the extra work we can, like billing. Sometimes repeatedly.

If you do not have NEVER AGAIN! which Carroll & Graf published and then say on your store can get it.

Sincerely,

Harold Weisberg
