

11/13/69 Dear Hal,

In today's mail is a notice from Brentano in New York, addressed to John c/o me, of a change in their charge-card arrangements. I can only wonder what he has been up to.

Nothing else new. I'm still posting connections in the COU ad. about a third of the way through it.

I'm not physically up to the march. I've had a hunch I might be hearing from those looking for a pad, offered it to the local committee, but none yet. I do expect a friend from NY and his girl friend who are coming down for it.

No response from Gentry. How do I speak to those who might know, see if you see what I mean on this.

Thought of Bob Douthett this a.m. saw an ad for those judges his company does (he volunteers to send me one. I didn't ask for it and he never has, which is why the sketch of the thing reminds me of him). Don't tell his anything else, but if, when you see him, tell him hello. - Extend his influences on the best trip.

Sincerely,
