Dear Hal,

My wife has had an almost continuous headache for several weeks, so she hasn't been making much progress on retyping the COUP addition. She's done a little more than a third, I'd estimate. So, for this and other reasons, I've not gotten into the notes I plan. Instead, among the things I've been doing, is working on consolidating my files. It is not possible to car everything I'd like to, but I am effecting a kind of organization. I've gotten to the file of our earlier correspondence, and as I go through it, I will be seeing some things about which I will ask. I ll not be able to take the time to reread it, but I am scanning some.

Before getting into that, I have been wondering lately if there may be some possibility of speaking to Dekker again, Remember him? He's the guy who, after my last visit, indicated he might be interested in making printing of a book a possibility. I do not know what his interest is or where it lies, but if I could get this enormous COUP out now, I think it would do some good and it just might attract some attention, especially at this juncture. Could you speak to him? In addition to what you saw, I have about 200,000 words on Ray/King, as I've outlined in the past, plus a very large appendix to the first part.

Having heard nothing from you about the other things, I presume you've been too busy or have not been able to attempt them or have not succeeded. Brandon, for example, and those two women.

I note in your 11/30/67, p. 4, reference to a "Heine" on a call to me when I was out there. I've forgotten this. Do you now recall it or have notes?

On p. 5, reference to "Who Killed Kennedy", Box 64, Gelnville, Conn. Did you ever get it?

How about the MS of O in NO John said he gave you to return to me?

Whatever happened to Stan Primer? He should be back now.

Your 9/21/67 ,entions Mario Bermudez as on an INCA committee. Can you send me photocopy or lend pamphlet?

Your 9/1/67 enclosure, 11/28/63 SF Chronicle story quoting Paris-Pressé on film showing two men in window ten minutes before ass, this is probably a reference to the Hughes film and that the peg used to misrepresent it, in specs and rumors (PW).

In your 7/6/67 you refer to a French magazine "Planete", issue Jan-Feb 1967, article by one George Langelsen, saying it has pictures never published elsewhere. I have never seen it. Can you hand it to me?

Your 6/4/67 refers to a film seen on Japanese TV, fairly accurately reporting some post-ass. Nix footage. Do you have any more on this?

3/11/68, p. 2, ref to woman who listened to and made notes on heavenae radio. Has she done this on King/Ray/Benes? Could be interesting.

11/8/66 I there a tape of the Bell/Jenner/ Liebeler Harv Morgan show? I'd like to have if there is. Harv has not answered several letters, Nor has Eason.

6/1/68 Ref to tape indicating Thornely says or implied didn't know Butler. Can I have dub this tape:

6/1/68 mention of a "Bernie" as a member of the Crusade to Free  
Cubs". I want to give you nothing for your source to feed back. I'd like to  
know all about this, including description if last name is not available,  
job, meaning where and in what field, etc/ It could be important.

In one of the letters you said you were sending me some pamphlets  
by the "Cuban Freedom Committee". If you did, I cannot find them. I would  
like to see any you may have.

At the auction the other night, the two old portables went for less  
than \$100 each. There was a new electric Royal portable that brought \$100.  
Prices were a bit higher than usual that night because there were some  
authentic antiques.

Best regards,

Harold Weisberg
