Dear Hal =

I'm enclosing an article I submitted to Mary Finnell & she will get it in the next issue of Lancer's magazine. Let me know what your thoughts are on it - it would be appreciated.

By the way, David Urone told me you had written to Aguilar, Fetzer & Mantik requesting what new information they had to offer in the assassination. It'll be interesting to see if they reply & even if they do what sort of "new" stuff they've come up with. Aguilar seems caught up in supporting the Z-film allegation stuff & doesn't know how to walk from under it (or maybe he does believe all that nonsense after all - I just don't know - he's not spoken to me in about 2 years ago.

Urone's having problems with Kenty who has the editor's ear requesting Urone to "answer" people like Mantik (and the others). Ironically, I think it was Jay Marcus who pointed out to me that Kenty gave a glowing approval report of Fetzer's latest book & cited the "great work" (or words to that effect) the so-called "experts" did on showing alleged allegation of the Z-film! And this guy Kenty now is called upon to peer review Urone's book which diametrically & clearly opposes that nonsense! How ridiculous.

Finally, have you come across Max Holland's book on the WC?

Best, Hal Verb
