

April 1, 1968.

Dear Mr. Salantia:

I have made a thorough
study of the Warren Commission
for 7 months, read all
of Weisberg's books, every-
thing on Jim Garrison
articles & yours, came to the
same conclusion that you
did & for the past 2
weeks, I had been on
jams & needed writing to
hear the news that
Pres. Johnson would
step down & it finally

happened.

My hat goes off to you,
Garrison, Weisberg & others
who stood up to be counted.

I am just a housewife
with no gift for writing,
but the disgraceful, deceitful,
way the Kennedy assassination
from was handled made me
determined to find out the
truth myself. I was al-
ways going along the same
track, CIA, State, & military.
God Bless you,

Wm. W. Warner
