Dear Mrs. Weir:

Thank you very much for your letter and the suggestion about the little booklet after my appearance on the Jack McKinney Show. It is hearing from interested people that tells me how much interest and how widespread it is in the subject. We are certainly appreciative of the time and trouble you took to write.

Sincerely yours,

Harold Weisberg

Dear Mr. Wiseburg

Congratulations on the wonderful work that you did & are doing especially your latest "White Wash" which I surely enjoyed it last night on Radio W.C.A.U. & Jack is a wonderful interviewer he is unique.

When the woman called & said she thought that was awful, & why can't something be done about getting the right one who killed President Kennedy? You said something could be done & she asked how & you told her if everyone would write to Congress to have this brought up it could be done.

I thought if the people wouldn't write then it would never be known in this world, but another thought followed I believe that if the people won't write you could put out a little book the size of the enclosed & sell it for either 5 or 10 cents as the enclosed, this size often

sells for 5 cents but ²10 at the most & come
back some nite on W.C.A.U. when Jack m.
is doing the interviewing as he did last
nite & I do hope he would n't be ill or
on a vacation for I could listen to him all
nite & if you could sort of write up
something the size of the enclosed
surely most people have a desire &
say it would be true & fair to
hear to read this small book & that it
at least we thought it was too bad
that Jack Ruby killed Oswald an
innocent man & this should bring to an
end innocent people going to jail &
to the Chair or being shot down dead
like a dog.

Congratulations on the book being
a best seller.

Thanks heaps & heaps for this
wonderful book & I do hope it will
continue always as a best seller & that
it will change many many things but
especially that never again shall an
innocent victim go to jail or the Chair.
God bless you & yours now & always.
Sincerely
LeRoy
