Dear Mr. Wilson,

Thank you for your letter of the 8th, by its postmark.

You might be surprised to know that I hear from a considerable number of your age group who never lost their interest in the JFK assassination: younger people, too, some not born until after he was assassinated.

I reprint the Altgens photo of which you inquire, in full, in Whitewash II. The only way to know that you can get a print made from the original negative is from Wide World Pictures, owned by AP. Last address I have was 30 Rockefeller Center, NYC. There are blow-ups of the part you are interested in and of other relevant things in the same book.

Farewell America is a fake book by the French CIA, SDECE. I don't know where you can get a copy and if you are going to use these materials you seek in teaching please try to understand that most of the books are fakes or faulted in many ways. Not a single one of those that pretend to solve the case is any good and I don't know of a single book that advances a theory that is tenable. I don't think you want to give your students anything but the truth. This is why I'm being blunt.

There is a fellow named Dave Hawkins who operates what he calls The Collector's Archive in Canada but I do not recall his address and at this moment can't locate his card. He has copies of the films you ask about for sale, I'm told.

Whatever the books are that interest you, I don't know where you can get any if your book store does not have them, except that sometimes they can be found in second-hand or out-of-print bookstores.

My work does not advance or espouse any theory or solution. It is, rather, a large study of how our basic institutions worked in that time of great stress and since then. The books report on and analyze the official investigations, the later ones with extensive facsimiles. I enclose a list in the event you have been looking for any of them.

Thanks and best wishes,

Harold Weisberg

UNPRECEDENTED INVESTIGATION

BY UNPRECEDENTED MEANS -

UNPRECEDENTED RESULTS

● From the moment those thundering shots fired in Dallas November 22, 1963, reverberated around the world, one man alone has dedicated his life to a full investigation of that "crime of the century" in all its frightening ramifications.

● To this investigation of a magnitude without literary parallel. Harold Weisberg took a combination of unusual skills. He was an investigative reporter, Senate investigator and editor, OSS analyst and legal investigator.

● He invented the "underground" book to bypass commercial publisher's fear of government on this then taboo subject, exposing the official lies by which this assassination was "solved."

WHITEWASH: The Report on the Warren Report made publishing history and opened the subject.

Dating to February 1965, it is the first book, basic, definitive and unchallenged.

● His six books on the JFK assassination are the works that first brought to light virtually all the misrepresented and suppressed evidence. These books and his work methods break new ground in investigative reporting. When he could not rescue the evidence from official suppression, he sued the government for it, becoming the writer to make most use of the "freedom of information" law. Congress cited one of these suits as the first of four requiring amending of that law. It then overrode the veto of President Ford, former Warren Commissioner and one of those who agreed to "destroy" the record of its own guilty knowledge.

● These remain the basic books on the JFK assassination. They also report the first and most thorough and extensive resurrection from suppression of the officially ignored evidence, reproduced in facsimile in all the books.

● **FRAME-UP** and Weisberg's subsequent investigations laid the basis for getting the assassination of Dr. Martin Luther King, Jr., in court by providing a defense for James Earl Ray.

HERE FOR THE FIRST TIME EVER....

JFK assassination evidence suppressed for
12 years!

The actual documents and pictures!

-
- The end of the coverup – official lies exposed.
 - Never such an investigation – never such evidence!
 - By the one man the FBI certified in court knows more about the JFK assassination than anyone in the FBI.
 - The actual official documents the Warren Commission did not have and did not want – reproduced here.
 - The actual documents signed by JFK's own Navy doctor "verifying" how he was killed, approving the destruction of evidence and proving there was a conspiracy!
 - The actual scientific proof that Oswald could not have killed JFK – suppressed to now.
 - The actual TOP SECRET Commissioner deliberations when they learned Hoover and the FBI had them boxed in to prevent any real investigation and their decision to destroy that record – reproduced here.
 - The actual suppressed proof of a conspiracy and how it was hidden by both the Commission and the FBI.
 - What the FBI suppressed and proof it and the Commission deliberately faked evidence and phoned the official explanation of how JFK was assassinated.
 - How Hoover did it all, knowing what he was doing.
 - The autopsy evidence, medical evidence, ballistics evidence, not previously known – officially suppressed.
 - This is the report of a decade – long investigation like no other, giving the real documentary proofs, telling how they were obtained and where.
 - It must – it will – cause a new investigation for which it provides hundreds of pages of evidence suppressed until now.
 - Never in history such proofs as here for the first time are reproduced – the documents themselves!
