Dear Scott,

Thanks for your 7/7 and its enclosure. I really cannot take the time you'd like to answer your questions fully.

There is ~~not~~ ^{now} one but at least three JAMA issues you refer to. I have that stuff all in the basement and you know my problem with stairs when I have to use both hands just to use the stairs. Your library should enable you to make copies.

I think the government saw to it that the Connallys did not know the valid reasons for removing those bits of metal and contributed to giving the family offense.

It was not Livingstone personally who took that files, it was the cop working for him who said it was for Livingstone when it wasn't. He stole it for Lifton. It has not been returned. I have heard nothing from Livingstone since he had to turn his ms. in. The legal recourse I have is fictional at my age.

I do not know the status of the legislated new disclosures of records. I've not tried to keep up with it.

I have always believe it would not have been possible to try Oswald. No possibility of getting ^y jury not influenced by the heavy propaganda and no evidence that had not been tainted.

I do not know the status of the new book and I hope you'll not keep asking me, as so many do. When it is out it will be out and there is nothing I can do to speed it up.

If you see anything about the coming books in the papers and magazines you see I'll appreciate copiss so I can keep up with them.

Th anks and best wishes,

Henry

Dear Mr. Weisberg,

I hope this letter finds you and your wife well. I received your copy of Professor Wrone's book today and I am sending you a check for \$15.00. Please accept the \$15 to cover the price of the book, the postage, and any inconvenience for you to locate the book in your house. I am aware that you had a furnace problem and I just want to tell you that I sincerely appreciate you sending me this book. Would there be any way that you could photocopy the JAMA article and send me a copy. Of course I'll pay you for it. If this is not possible I understand.

Since I visited you at your home, I have formulated some questions and if you could take the time to answer them I would be very grateful.

Why do you think that the Connally family would not allow the bullet fragments to be removed from Gov. Connally's body? If these fragments had been removed, do you think they would have told us anything new or significant? Is there any hope of having the Governor's body exhumed to have the fragments removed?

My next question pertains to Harrison Livingstone. Has Mr. Livingstone returned to you the files you told us that he had taken and not returned? I was also curious to know if Livingstone has continued to harass you with threats or phone calls. Do you have any legal recourse to get your files returned from Mr. Livingstone?

On October 27, 1992 Former President Bush signed the JFK Records Legislation Act into Law. What is the current status of these records? Will any be released this year? Does this legislation mean that classified files will now automatically become declassified?

I am currently reading and studying your first book "Whitewash The Report on The Warren Report". I find your book to be excellent, concise, extremely well researched and to the point. My question pertains to Chapter 7 Oswald's Legal Rights. On page 80 you discuss whether the police searches were legal. My question is this, If Oswald had lived and gone to trial would the evidence, (especially the backyard photos of Oswald with the rifle), obtained by the searches at the Paine residence and at Oswald's roominghouse been inadmissible due to the fact that the police did not have Oswald's permission to search his possessions and confiscate them? Did Mrs. Paine and Marina Oswald and Mrs. Barlene Roberts have the legal right to give the police permission to search and confiscate Lee Harvey's personal possessions? Even though Mrs. Paine had ownership of her house and property, I am very curious to know whether she and Marina had any legal authority to allow the police to search and confiscate Lee Harvey's belongings?

(continued)

What is the current status of you new book entitled, "Never Again"? Will we see it in stores in time for the 30th anniversary of the JFK assassination?

Lastly, I want to sincerely thank you and your wife for letting Bob Beaumont and myself visit you at your home on May 22, 1993. I had dreamed about meeting you in person, but I never thought that I would get to meet you, visit with you, and discuss the assassination in person with you.

You made my dream come true and for that I am always grateful.

Many thanks,
