Mr. Harold Weisberg

Dear Mr. Weisberg:

Many, many thanks for an exciting and thought-provoking program on Coffee An' today. You handled your end beautifully, and if our future guests come anywhere near matching you, I won't be at all concerned about the success of our venture.

The calls I received after the program indicate the tremendous interest in the subject. Maybe when your new books come out we can arrange to have you on again, if it fits into your schedule. I know our listeners would love to have you back.

Thanks again, and good luck with the new ones.

Best regards,

Bob Locke
