Mr. Lou Gordon
WKBD T V
Southfield, Mich.

Dear Mr. Gordon,

I have watched your Sunday and Monday night programs for quite some time now and have enjoyed them very much. We get channel 50 via the local cablevision service and in fact, your programs specifically and WKBD in general have sold many subscriptions.

I must take issue, however, with your treatment of Mr. Harold Weisberg last week. I felt that you were very unfair to him....that you failed to give him an opportunity to properly answer your rapid-fire questions and that you went out of your way to make him look ridiculous.

I had the opportunity to talk intimately and at length with Mr. Weisberg several months ago and I am convinced that if he is not correct in all his assertions, he is at least most sincere.

I realize that our public officials would not believe us (notice the ~~name~~ in check) but if Weisberg, Garrison, Lane etc. have something, who is going to believe them, if men like you treat their stories with the pre-conceived notion that they are a bunch of kooks?

Sincerely,

Gene Kim
News Director

Harold,
you may recall that
I interviewed you in my
hotel room in Cincinnati
during last year's Associated
Press Conference.
