Dear Jerry,

10/11/94

 $A_{\rm S}$ I think I told you, Henry Wade and I have had a friendly relationship from the time we first met.

In clearing some shelf space in my office this morning I found this souvenir he gave me and the note I had rapped around it.

The note says it is an empty shell of a bullet Henry Wade had fired from Jack Juby's pistol.

Hopey gave it to me in his office November 30, 1971.
