8/12/94

Dear Anna Marie,

Thank you very, very much for the two boxes with your 8/10! And the thanks are not from me alone. I'm currently with an extra chore over what keeps me too busy and I'm lending these to Dr. Gerald McKnight, my friend and Hood College history professor tomorrow. We'll then talk about copies for our friend Dave Wrone, history, Wisconsin-Stevens Point. If he cannot have them made at Hood I'll see if I can get a student to do the xeroxing for Wrone on our slow machine. Neither my wife nor I ought try that now, I because I may not stand still and she because she is having the same problem for a while as the result of a fall.

If you think you may make the trip soon I'll wait with a copy of Oswald in New Orleans. If not let me know and I'll mail it.

If the enclosed check does not cover all your costs, please let me know.

After we spoke and you said you selected about 2500 pages from the CIA Oswald 201 records I spoke to Jerry because I was sure he'd want them for the Hood library. Where all I have will be and where Sylvia Meagher's records are already and are already in form for use. Thank's to Jerry's giving up most of a summer. He is going to speak to the librarian, a fine fellow named Charles Kuhn, to see about the xeroxing if you will let them borrow those pages. If you are willing, when you come up will be a fine time because that is the safest possible transportation. When you do, perhaps you would like to allow a little more time to look at the new state-of-the art and beautiful library and the special, secure room that was built with such collections in mind.

I'll give McKnight and Wrone a copy of your letter which also serves as an inventory.

When you are here remind me that I have the index of Oswald that was not included when it was printed. Which was <sup>after</sup> before that small publisher learned that his regular distributor would not handle it. So, to cut their certain loses they did not <sup>even</sup> correct typos and omitted even the table of contents.

No, I'll see if I can get the copy of Oswald in the morning mail

The five 84-43 items you list are from the subfiles of the main Dallas JFK assassination file. More may have been made available since then but in 78-0322, which was later combined with 78-0420 (New Orleans) I got the subfiles as well as the main file. Anyone is ~~welcome~~ welcome and use them if more convenient than at the Archives. I am not physically able to do the ~~xxx~~ searching. Perhaps when the college year starts I'll be able to find a young woman who would like some work. Those I've had all graduated. One of them is retyping a lengthy ms. I must read and correct before she is here again.

Again our thanks and best wishes,

Harold Weisberg
