Miss E. Wardell-Hall,

I do thank you very much for your offer and I am interested in any material relating to any political assassination.

Your letter reached me only today because we moved from Hyattstown many years ago. I ^{have} ~~have~~, in fact, done much more work that you can know about from the books published before we moved.

Whatever you may send will be preserved.

At some point all of my extremely extensive files will become part of a university archive, with whatever I can arrange to add to them.

I do have the Curry book. But I am always being asked for a copy by young students who have taken an interest in the subject. So, if there is no other need for it, I can get it into the hands of someone who would have use for it.

I do not have the RFK transcripts. They and the autopsy report would be particularly valuable. I had a copy of the autopsy and it has disappeared. But I've never had the transcripts.

You may not know it but it is I who has been and is suing to bring to light the suppressed Warren Commission transcripts of their TOP SECRET executive sessions. There remain only two full transcripts and 10 pages of another than I have not yet forced out. That case is in federal court right now.

My Joesten file is in dead storage. I don't recall if it included his evaluation of Curry's book. I have 8 full-sized files cabinets in my office and five half-sized ones, so I am always pressed for space. When Joesten became inactive and I know what he has written I had to use that space for current, ongoing work, as with many other things.

As a generality I would say that anything you have that you do not need I can either use or see to it that it is available, now and in the future. People consult me often.

I do thanks you very much.

Sincerely,

Harold Weisberg

Dear Mr. Weisberg::

A lady who knows of the valuable work you are doing on the assassinations wants me to ask if you have a copy of the court transcript and the autopsy report re the Robert Kennedy murder. If not, and you would like them, they can be in the mail (parcelpost) soon after the first of the year. All anyone has to do is to see the testimony of Thomas I. Noguchi, M. D. (head of autopsy) as to a bullet from the BACK.....

Also, Mr. Weisberg do you have the "Limited Collectors Edition"----- Retired Dallas Police Chief JESSE CURRY reveals his personal J F K ASSASSINATION FILE." This was gone over in some length in Joachim Joestens "Truth Letters". The lady's last copy can go with the above. The lady, it seems, has little time left - she wants to get her last material into proper hands.

If you wish the latter, won't you please let her know if you have J.J.'s evaluation of the book? If not she will include a photo copy of some of the pages.

The enclosed envelope will give the lady's name and address. She sends her best wishes -indeed, gratitude for your magnificent fight.

Sincerely

(Mrs) J.L.Hansen
