QUALITY SILVER INGOT

Silver Creations, Ltd. has been commissioned to depict the high drama of this historic event in a unique ingot struck in .999 pure silver.

This massive solid silver proof, struck in bas-relief, will bear your personal registration number and be accompanied by a signed Certificate of Authenticity guaranteeing the weight of each ingot and attesting to its high standard of quality and purity.

A CLASSIC COLLECTOR'S ITEM

Artistically, it is a classic work by one of the nation's leading silver firms: Silver Creations, Ltd. Their impressive list of important collector's items includes the Picasso ingot, the Truman ingot and the recently issued Churchill bar which has risen in value from its \$10 original price to \$150 in less than one year.

Of course, no one can predict future value. However, as dealers in prestigious collector's items for more than a decade, it is our opinion that the Watergate commemorative will not only grow substantially in value, but should also become one of the most sought after ingots ever produced in precious metal.

HOW TO ACQUIRE YOUR INGOT
