

Dear Harold and Fil,

11/25/99

I am writing to say hello and let you know about any developments Harold I am still backed up in contract repair work due to all the inclement weather, and my re-curring flare-ups w/ hepatitis. I am battling the depression that is endemic with my chemotherapy. Actually I am quite angry about having this damn disease not to be dramatic but, it is much akin to a thief in the night as I wasn't aware of it until so much damage had been done. I am attempting to get on a liver list now! Some days are great, others tough. One good thing though... Jones Harris hasn't called me lately! That old boy is a tad wacky! - God, I hope I don't end up a right wing eccentric in my golden years! I hope you two are OK. I was concerned about the recent ice storm and your well being - I know I should have called! Please feel free to call me. May God bless you both, and keep you free from pain! and 130
