Dear Mr. Weisberg:

I am very sorry that things worked out as they did last weekend concerning the Garrison investigation, and I was saddened to learn from you and Mr. Fensterwald that the New Orleans people had more or less "pulled the rug out from under you" just at the time that the D.C. judge was about to grant permission for Garrison to obtain a review of the JFK autopsy photos, x-ray films, etc. I do not know why he chose the course of action that he did, and I hope that the possibility of obtaining such a review has not been too seriously compromised.

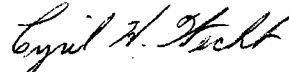

I wish that I could represent you in the suit that you are considering, but I doubt that it would be practical for me to do so. I am surprised to learn that you are unable to obtain local counsel. Certainly, there must be one person who believes strongly enough in this matter to offer his legal services to you.

I shall try to get to Baltimore or Washington some time in the near future, but I do not have any specific plans at this time. In the meantime, I would be happy to look through any pertinent materials that you may have which could be feasibly sent through the mails.

In any event, I shall look forward to keeping in touch with you, and I hope that we may be able to make some significant breakthrough in our attempts to obtain access to the autopsy materials.

With kind regards.

Sincerely,

Cyril H. Wecht, M.D., LL.B.
