Also, it is impossible for me to at this time recall, with dates, amount of compensation, etc., all the employment I have had since about 1922, when I first began to work. - 19 (b). Consult a copy of the announcement of this examination to ascertain the specific requirements to be met. Copy may be had in person or by mail from nearest first- or second-class post office. Give a detailed description of all experience which you offer to meet each requirement stated in the announcement, followed by any collateral or supporting experience; give the dates covering each such item to identify it with the dates of the corresponding item listed in Question 19 (a). Show all salary changes, and date of such changes, occurring during each period of experience described below, the number and classes of employees, if any under your supervision, and your reason for leaving such employment.

Since Aug. 1936, I have been employed by the subcommittee of the Committee on Education and Labor, under S. R. 266, first as investigator, then as editor, and subsequently as assistant secretary. In this connection, most of my work consists of preparing and printing the committee's record and reports. I have 6 persons working for me on this job. During the course of this employment I have conducted investigations of detective agencies engaged in thwarting national labor-relations legislation, industrial labor-relations practice and policies. During the four months of the prosecution of Harlan County, Ky. coal operators for conspiring to violate the National Labor Relations Act, I was assigned to the Dept. of Justice as a special assistant, competent to testify about the labor relations of some 60 defendants, as revealed to this committee. Because of my familiarity with the labor relations of employees and industries I am regularly consulted by government departments, especially the N. L. R. B. and occasionally by members of Congress desiring information for speeches. The amount of experience I have had on my present job is not, I feel, accurately reflected by the number of months that I have worked, because my work day averages about 14 hours and I work, usually, seven days a week.
