CONTINUATION SHEET

Duties and Responsibilities:

I am a consultant to the Monographic Studies Section and Reginal Studies Section, directing specialized research in the field of international trade relationships, paying particular attention to the penetration of Latin American corporations by Axis or pro-Axis business corporations in non-Latin American countries. This work is being done at the request of the Cartel Committee and the Joint Strategic Survey Committee of the Joint Chiefs of Staff). I also work directly with materials received from the Division's Outpost Units in the RTO, assessing and evaluating them. I supervise and direct the briefing of outpost personnel, participated in the planning of the Outpost program of research and prepared the Division's "Grey List" for use of U.S. Target Forces in ETO. I have the responsibility of the Division's participation in the "Safehaven" program and am divisional liason on Safehaven work.*

There is extremely limited supervision of my work, which is essentially advisory and requires expert knowledge of corporation relationships, special research methods, investigating experience, Axis economic-warfare methods and techniques, and writing ability.

* I represent the Division at OSS Safehaven Committee meetings. of property two feet of the stricture of the broke our which they were working.

Additional Information for Civil Service Commission

Pursuant to your request of this morning, here is the additional information requested by the CSC: language the second

How much time have I actually worked as a WAE in OSS? While in the Presentation Branch, about 18-21 days monthly. Since coming to the Latin American Division, full time.

During my period of self-employment beginning in 1939, did I spend full time in writing, and what was my annual income?

My income was about \$5,000.00 per year, probably a little higher. While my income came entirely from writing, I devoted a considerable amount of time to other endeavors. Among these were: ghosting speeches, assisting and testifying before Congressional committees, making original materials available to Congressmen (such as information and documentation on cartels and cartel activities, some of which was used by them in the preparation of proposed legislation), and the beginning of work on a book, During this period I helped other writers with books on which they were working, and, from time to time, I also assisted others with magazine articles. I also spent a considerable amount of time assisting government agencies interested in the kind of work in which I was specializing.

What were the details of my employment with the U. S. Senate Sub committee on Education and Labor?

My major function was as editor. I made arrangements for hearings, prepared exibits for the hearings, edited testimony, exibits, and reports, which were presented to the Senate by this committee. I was responsible for the circulation of these works, was custodian of the Committee's Record, and was the committee employee charged with the responsibility of making the committee's knowledge available to other government agencies, the press and interested citizens. As an investigator, I handled cases, from their very beginning in the field, through all the stages up to and including the presentation of complete briefs to the Senators for their use in conducting ' the hearings. The secretary is the administrative head of a Senate committee. I was assistant secretary, and among my functions in this capacity was that of liason for the Senate with the Department of Justice and the U. S. Court, at London, Ky., on the famous Harlan (County Coal Operators) Conspiracy Case in 1938. Besides representing the Senate there I also assisted the Department in the preparation of its case.

I trust this information is what you wanted. If you desire any additional data, please let me know.
