This is in reply to your request for your military service records made under the provisions of the Freedom of Information Act, as amended.

If your military record was on file here July 12, 1973, it would have been in the area that suffered the greatest damage in the fire on that date and may have been destroyed.

Prior to that date portions of your service records, Report of Separation and all available medical records were lent to the Veterans Administration under claim number 4 369 915. These records have been recalled from the Veterans Administration and copies are enclosed. We hope the enclosed documents will be helpful to you.

A handwritten signature in cursive script, appearing to read "P. Chrisman".

P. CHRISMAN
Chief, Records Reconstruction Branch
