

November 21, 1936.

MEMORANDUM

To Harold Cranefield  
From Harold Weisberg  
Subject Carl J. Myers:

I first wrote you concerning Myers from Akron, Ohio, during the Rubber Workers Convention. At the time I had no typewriter and having written in long-hand, I retained no carbon copy.

As I recall, I referred you to a member of the Automobile Workers Union, I believe Homer Martin. I am certain the office of the person to whom I referred you was in the Hoffman Building. From the person to whom I referred you, I was told, you can obtain a picture of Myers, his personal history, and indications of where he is now operating. Myers works for National Corporation Service of Youngstown, Ohio. When President of the General Tire Local in Akron, he was exposed. Our preliminary hearings state he got \$200.00 a month salary and an annual bonus of from \$1,000.00 to \$1,200.00 for a special report on the rubber industry.

The Rubber workers led me to believe that he is a spy in the automobile industry.

Very truly yours,

Harold Weisberg.
