Dear Mr. Wilson:

In reply to your letter of December 2 - I am sorry we have no copies of our hearings. However, I suggest that you communicate with the Government Printing Office, because the hearings will go to press some time next week.

All the information we have available is in the record, which you presumably have seen. However, it might be possible, if you or your representative contacted us personally, that we might be able to give you some sidelights, collateral data, or suggestions on this case which do not appear in the material you presumably have.

Will you please provide us with a copy of the West Virginia Redman Act, to which you referred, and a copy of the injunction?

Yours truly,

Robert Wohlforth, Secretary
Subcommittee of the
Committee on Education & Labor
Under S. R. 266
