SUBJECT: WARREN COMMISSION EXHIBITS

On 11/3/66, Mr. Marion Johnson, the Archivist at the National Archives and Records Service who is handling the exhibits and evidence of the Warren Commission, telephonically contacted SA Cortlandt Cunningham of the Laboratory Division.

Mr. Johnson stated that Harold Weisberg, author of "Whitewash: The Report on the Warren Report," had requested information regarding the portions of the FBI investigative reports in which the spectrographic examinations were set forth. Mr. Johnson asked if any spectrographic examinations, other than those set forth in the report of SA Robert P. Gemberling dated 11/30/63, at Dallas, were made and reported elsewhere.

Mr. Johnson was told that this matter would be looked into.

It is recommended, in view of the above information, that Mr. Johnson be telephonically advised that the FBI cannot be of assistance to Weisberg in this matter.
