Dear Harold:

We want to express our thanks to you for appearing at our March meeting recently. It's been a long time since we had a meeting of that duration due to interest in the subject.

You are certainly a gentlemen who has spent much time at your work and the dedication of your beliefs and the determination to succeed exudes from you very obviously at all times. We would like to wish you success in your work and much in the way of good health to you and your wife.

Thank you.

Very truly yours,
