NE# ADDRESS: Rt. 7, Fraderick, Md. 81701:::501/473-8186

Mr. Harvey Levin 17801 Saticoy St. Resada, Calif. 91335

Bear Mr. Levin.

This will acknowledge receipt of your latter of January 16 and record my agreement. While I am parkeps a little less enthusiastic about the pracise wording of the topic, I accept it. Also, I accept the conditions. However, I do want to suggest that you fix a limit of one or two minutes to questions and the same to enswers, particularly to the answers. And IX think there is little prospect of satisfying questioners in 20 minutes. However, should your group or shhool want to run longer, I am in accord.

May I ask that you have either a tape recorder available for the playing rather than the recording of tapes, or a means whereby a portable that I can have with me can be plugged into the PA system. Your letter makes no reference to our previous understanding, that the proceedings would be tape recorded and each of us could be given a copy.

I am well aware of budgetary problems, alas. I agree that if any other group sponsors me while 1 am there I will put them in touch with your for cost sharing, which I think would be right. I will most likely not have any housing expenses. The only costs I enticipate saide from the actual ticket is about \$8.50 getting to the Washington sirpert and back and about \$7.50 for parking. From where I live, cab is prohibitive.

Further to help you, as I told you, I agree to accept whatever honorarium Mr. Liebeler accepts, how ver little, and to forgo it attirely if he does.

To simplify accounting, may I ask that your group or school buy the ticket or authorize my travel agency, Journeys International, 1625 K St.,nw, to issue the ticket and bill you: I will keep my time flexible for that period. However, I think it might be helpful at the "gate" if I were to get there the day before and perhaps make a radio or TV appearance of so, if it can be arranged, as I think likely. This could help you with your expenses, perhaps yield a reflit. If you would like me to make these arrangements, please let me know. I have friends who might take care of it with the medic. I rather think there is enough interest in the Los angeles area to give you a good crowd if we can get the word out, and this I think we can do. Also, sometimes the sponsoring groups likes to sell books. This gives them the bookstore profit. With respect to my first three, I can ship them on consignment should you desire. The fourth is readily available in the L.A. area.

If there are any other questions, please let me know. I will be gone for about two weeks beginning the end of the month. And, if the thew trial goes into the period now scheduled for the debate, I might have to be there. I doubt if Mr. Liebeler will go to New Orleans. This possibility of delay might arrise, but I think it more likely the defense will be able to arrange longer delays, until after 3/22.

Dear Mr. Weisberg,

This letter is with reference to our phone conversation on January 6, 1968. The debate at Cleveland High School, sponsored by Boy's League, has been schedueled for Friday evening, March 22, 1968, beginning at approximately 8:15.

The topic we have decided on is as follows: Resolve: The Warren Report and its' conclusions not withstanding, evidence pertaining to New Orleans in the files of the Warren Commission, and recent developments in New Orleans support the thesis that the assasination of President Kennedy was the work of a conspiracy.

Careful consideration has gone into the choosing of this topic. The topic is worded in such a way that it would permit you to present your case that the evidence shows that there was a conspiracy to assasinate President Kennedy.

The format and ground rules are as follows. Fifteen minute opening statement for each speaker. Ten minute rebuttal time for each. Seven minutes each for further rebuttal. Approximately a twenty minute question and answer period from the audience (With alternating questions and an equal number for each man). Each speaker will be given six minutes for his closing statement. The time limits in this debate will be strickly enforced.

You realize that our budget is rather lopsided as a major part of the expense money will go towards your plane fare. Of course, we stay committed to paying your airline expense, however, in the event that you succeed in being sponsored by other groups during your stay in Southern California, we would very much appreciate any cooperation you can extend us by putting us in contact with the other groups so that airline fare can be shared. This will permit us to price our tickets accordingly so the tickets can be priced as low as possible with suitable and equal honorariums for both participants.

Again, I would like to thank you for your cooperation and your willingness. We expect this debate to be a very big event. Confirma tion of this letter would be appreciated. Further details will be enclosed in a future letter.

Yours truly,

Harvey Levin

Boy's League President
