Dear Js.

Two envelopes clips this a.m., with three on affs, NYT on Breslin, Chandler's predictions, etc.

Pelker is the abrange on in this. he did some pretty nasty stuff before the Trib folded. So, without knowing caything about what might be bugging areslin new, Pelker should be more than enough.

I'll send these to IY friend who may have answers. Two similar mentions on successive days in same column seems interesting. By friend was ther out of country and would have missed.

Thanks, H.
