SECTION D. (To be completed by reporting officer). This space may be used to record additional information that would further classify the noncommissioned officer's performance and qualifications.

Off White is inexperienced in the billet of asst. operations chief. He is working hard to become proficient. He handles the men well and tries to teach them what he knows and also spends additional time in learning himself. He is not as sure of himself at times as he should be but I believe he will overcome this with experience.
