Dear Hae,

Hear that Wallace
Milam and Dan Beersman
are bringing out "Secret
Agendas", a longer
refutation of Parnet.
Of course, as you said,
"Case Open" was a much
longer manuscript!

Only N.B.C. covered ARRB
report. The Nightly News
featured Parnet, Max Holland,
and Jim Hesse.

The next day Today had
a "debate" between Livingstone
and Parnet.

Parnet got Livingstone
to rant about Zaphod's
film "Book".

Parnet, got all the
media hype did not sell
well and only convinces
the convicted or those
who want closure at
any price.

Enclosed is the obit
of the enigmatic Elena
Garcia de Paz who tried
to link LHO to Cuba.

Enigmatic because she
was of the ~~left~~ left!

The New Herbyman
Bio of R.F.K. reports
R.F.K. telling Garrison
in effect, you may be
right but what difference
does it make.

Jim replies that's
an odd attitude for
the former chief law
enforcement officer of
The U.S.

R.F.K. hangs up.

Stay well.

Ed Williams

P.S.

In that book R.F.K.
is quoted as saying,
"I'm the one who is
out to get them." Mob
theory. As I wrote you

R.F.K. told friends he
suspected CIA, Anti-Castro
Cubans, and The Mob
while in public saying
L.H.O. did it alone.

L.B.J. also
entertained conspiracy
theories.

Were they "assassination
bugs"?
