

don't write him

Dear Hal,

Salinger was on A.B.C. discussing T.W.A. 800, and Sam Donaldson learned over anal said, "Next thing you're going to tell us Pierre, is that there was two men in Dallas!"

At least a recent poll indicates 88% believes in a conspiracy!

But the media elite remain frozen in a 1964 mind set.

The current state

of N.F.K. Research is
practically over.

The Crazy Zepherus
alteration theory is
much debated on the
internet.

Haal, Hal, Perry
Adams came up with
that theory over 30
years ago. With Fred Newcombe.

Lifton is stealing
that theory like he
stole their Booby
alteration theory.

What a rip off
artist! But David
Lifton is unsalvageable
in what ^{he} steals.

Hope all is
well.

Sincerely,
E.O. Williams
