Dear Hae,

I thought these articles  
might be of interest.

The latest "opium" of  
the intellectuals" to use  
Aron's phrase is to  
adopt an "agnostic" position  
on the case as per Hood,  
Summers and Thompson.

I read in Rolling Stone  
that A.J. Waldman is facing  
ten years for drug dealing!

Hope all is well.

Sincerely,

Ed Williams
