Dear Tom Wilk,

The ailments still limits, I'm trying to write a book, I work more than a day each day, but will try. I suggest that in the last minute, say the night before, you can. As of now I have nothing extra scheduled for 3/20-30. I'll be in NYC the 17th for an afternoon speech at Hunter College but don't know when I'll return

If you drive the whatever highway is best to the Baltimore Beltway. If you are close enough to the Jersey Turnpike it feeds into I95 in Delaware and that into this Beltway, I695. Take the right fork into it. It may be marked Towson. Stay on I695 to Exit 16, a real tripe (decker) under pass. It is also marked I think as the exit to I70, perhaps indicating Frederick. But take this one and it merges into I70 N. That in turn merges into US 40. Once you get on I70N regardless of numbers stay on it to Frederick, where I think it is again 40. But stay on that road I70N picks up again at Frederick and you don't want it there. It continues past us. There is a fork, as I recall, while you are going around and through Frederick, with I 70 going left and US 40 right. Take the right fork and stay on 40 to Exit 6W, where you will see a "Oli-day Inn. It is less than five minutes from the fork and on the opposite side of the road. To get to it at Exit 6W you loop under to it. There you turn right, onto Baughman's Lane, for a little over a half mile, to a 4-way stop, Shookstown Rd. Turn left about 2 miles. When you are going up the mountain start locking because after beginning ascent on the right the first road is Old Receiver Road. Turn left on it about .3 miles, take the left fork in about a city block, and then you are down in the flat after a short steep S-curve you are here. As you start down the hill there is a patch of woods on the right. Shortly past that is a large galvanized mailbox with as Washington Post paperbox on top, the only one like it in combination. Two car lengths past that on the right is out lane. The house is 400-500 feet from the road and can't be see from it. In emergency, 473-8186.

Best,

Dear Mr. Wessberg,

I would like to know if it would be possible to obtain an interview with you as part of a journalism project at Rider College, where I am attending school.

I know that you have a busy schedule and that you have had problems with phlebitis. If it is possible to have an interview, perhaps it could be scheduled between March 20 and 30, when I am off from school. However, I will accept any day that is best for you.

I have read five of your books on President Kennedy's assassination including Post Mortem and feel that you are doing a fine job in exposing the lies and inaccuracies of the government's account of the assassination.

I am enclosing my address below.
