

Dear Mr. Rosenfeld,

2/16/92

George Will's assistant, Joseph Erlinger, ^{asked} ~~ask~~ me for copies of my correspondence with Oliver Stone for Will. Neither his envelope nor letterhead includes any address. Instead of sending these to Will c/o the Post, on the chance they might interest you I send them to you, asking you to please route them to him. Thanks.

From what I've been told by what should be dependable sources, at least one associated with Stone, he will soon be perpetrating the ultimate indecency in his commercialization and exploitation of the JFK assassination: having it used as educational in schools!

I'm told that the paperback of the script is due to be issued within a month and that it is to be accompanied with something for teachers so they can use it in classes!

While I have no personal knowledge I presume Warner will be the publisher.

The 1/24 Phila. Inquirer reported that this is already being done and that there is considerable discussion of it.

Colleges and high schools both are using that trash already in Pennsylvania from that story.

That the professors and teachers have no fact available to them for making judgements encourages their use of this disinformation as reporting our actual history when it is no such thing at all. Stone has done more than could have been expected to perpetrate this additional fraud, that he recorded our history.

I know I sent George Lardner at least some of what I received on this. If you know of anyone who could be interested, I have a rather large file now anyone can go over and copy. Stone insisted to the end that he yielded to nobody on "fact," a direct quote.

What a monster!

Sincerely,

Harold Weisberg

Dear Mr. Weisberg,

Thank you for your letter of December 26. Presently, Mr. Will is out-of-town so I was unable to see if he had any interest in the subject matter which you present. If you can send me the copies of the letters which you sent to Oliver Stone, it would be greatly appreciated. I will see that Mr. Will sees this material when he returns.

Sincerely,

Joseph M. Erlinger
