Dear Ed,

Relet 2: speak to Jerry if he has not yet phoned you, as I sked on two things, this and "threat". Pressed for time today. Unless Kaiser's confirmation conspiracy belief is in enclosed clips, which I've not yet read, it is news to me. But welcome. ...Do you know why Frank appeared on Gray when his book is not on sale? Did he say anything substantive?...Even though I knew of JG's deteriorated physical condition, I, too, was shooked at appearance. Jerry can explain my beliefs faster. He was here. If not burdensome, I'd appreciate relevant clips, esp. N.O., fastest. Samething bigger is up, I think.

Clips vy interesting. These will be published soon, I hope in full, by Bantam. I have special interest in anything on withdrawal, as WH 10/2/63 statement referred to in Nat Se. Action Nemo 273, 11/26/63. I can't prove it, but I think the added text is in error. I think bigger change had been made in policy, by JFK personally. 1000 is bit one of several figures given in my research now loaned to another, boxes of it, so I can't check.

Thanks, and excuse haste.
