Dear Mr. Williams,

Your letters are always informative. Sorry I'm not feeling any better.

I haven't read "Conspiracy Interpretations" by Goldberg and I would like to, esp. if he is the Commission's Goldberg.

And I hadn't heard of the Bonner book. I presume the Grosset interest is as with Roberts.

I expect a copy of Penn's book soon.

Who is the "H.R.W" that has scheduled "Arcadis"? If this Mark Lane's book? I wonder what the subject is.

I agree with your comment on the JG effect.

I have that material for that change of which you speak, in abundance, but no one will touch it and I am without funds for bringing it out myself.

So, we just continue working, developing more.

Sorry about the endless haste. Much obliged.

Sincerely,

Dear Mr. Weinberg,
Sorry to hear
that you were ill.
I hope that you are
feeling better.

If you haven't
heard Communist
Interpretations of President
Kennedy's Assassination
by A. Goldberg, I'll
see that you get a
copy.

Guarant amol Dundas
Wido puebera The
Murder of John F.
Kennedy by Judy Berman.

"Tom Jones" has published
"Crusoe III".

H.R.W. has published
Lane's "Oracles" but
I believe that it
concerns another sub-
ject.

The failure of
the Cannon probe
to produce anything
new or of dramatic
media attention of
the Shaw Trial has
reinforced publisher
wastage to the
topic.

So it seems the
data of the "Oracles",
the climate of opinion
will remain unchanged.

Sincerely,
August Williams
