SW, III,

and to the... office,

I have not said what should have been said, Bishop on Jiff.

Am, dubious a source as he is, the only other being Manchester, who tends to make Bishop a bit respectable, I want to quote one thing from him, Burlington on the autopsy at Bethesda, a bond-of-faith explanation to suicide or was he once all-i returning to SW.

I am not sure if I have not. I'd appreciate it if you could give these words, if not, so the explanation would be a top of the line in the... and...
permanently...
I'll either see you, please indicate when... I assume the page(s) will show.

Hope not too much trouble. I'm at that point in writing now and embarrassed that the track seems to have been loosed.

Either go of you know a better source?

Thanks,
SW
