Dear Ed,

The impoverishment of the postal service is such it can't afford ink for its stamps, hence I cannot give you the postmark on either of the two mailings I received today. One contains your letter of 10/5, with the copy ~~of~~ of the "Lisberg article from Listener of July 8, several pages on the CIA I've not had time to read, but with q and a's involving seemingly Japanese names but not what your letter says, the promo on "Coming Apart" (which I'd like to see because I have had friendly relations with Mel Briskman and Ivan De... at quadrangle)

Can you please expand on those to whom you (was it you.) spoke to on Douglas show, for Ray's alleged plea is irrelevant to Bishop's charge that he fired the shot-which he never admitted - as it is to fairness-doctrine time.

The review of the Turner book also was not enclosed.

The other envelope contained three pages from US News, "A former State Office Criticizes CIA Activities" and a reply.

I will read these as soon as I can. Thanks.

Best,

Oops! On further unfolding, found Turner review and Coming Apart.

When you speak to Steve, ask if Capp show in on or off? Thanks again.

On Coming Apart, if not too much trouble, I'd appreciate copies if what relates to me. Esp. because of the von Hoffman quote. He has refused to say a word on this subject, but if there is anything even slightly unfair it gives me chance to go after him.

Dear Harold:

Enclosure Coming Apart  
promo. from Times of 10/3. Reference  
to you - Assassination Theorists  
flocked to support Garrison, including  
not only people who had written  
books like Mark Lane and Harold  
Weisberg, but entertainers like  
Mort Sahl - report. Fortunate!  
O'Neil gives "facts" which are  
not facts. Russo admitted to  
Grand Jury that he had perjured  
himself by falsely identifying  
Saul as Barbara. I know  
no personnel at Quadrangle, a  
Times subsidiary.

Bishop on Mike Douglas 10/4.  
Spoke to lawyer and co-writer  
re: equal time. Very questionable  
legal chance as Ray convicted  
in eyes of law.

Kane changing apt. Will contact  
when phone installed.

Enclosure review of Turner Book  
which I have not seen.

Enclose excerpts from Against  
The Crime of Silence.

Certainly, a popular  
media oriented approach  
is best.

The American Counter-Revolution  
Also, it will go beyond  
assassination issue.
