Dear La ,
Hhanc: for the Honor reviow. All 1 know is wat i heard frow JR, thet there is sonethin: in it on tik isil and dirty doine I should road. I think he said sone of $t$ is was in tisquire, too. I'li reai it later.

Unfortunately, I kiow 'turner': "work" well onough to bo wiling to delicve wis counsel cive such advice and that it was justifioc. I bio: it can be a copout, but I also know bill and I would take a word he says without independent chechine. In iact, the finst thing I'd wonder is where he stole it.

Sprague is in the death and taxes class. There is a dubbyk in him that keeps him frow buind right when that is easier. host of to suppres.ed stuff h: wrote about isn't.

The quote fron Scott is interesting, but unless I'Ve forgotten nost of the cetail, is is more like depsite the top-level warit Honolulu neetinge. I have eiven host o. those files to a young fellow who will use them well. I'Il lend hia this and see what he sayse

There is little prospect on Nhow and non with the guy who had such lofty, unselfish purposes, about which I'd rather say nothines. I've about worked wy way out of that disapointrent, but the waste of time was great. So, I'm continuinc doing what I started with it. I'll be posting the conrections in tine event I an visited by an angel. Few find their ways here, and none of them are ver rich! Fact is I con't thint that a rich person has ever done anythins; to help ne, except, one guy I suspect is loaded who supplied me vith minor quantities of paper, free. Hothing to what he got frow we. And with this last suy, we evon efot stuck for his food whon we are broke.

Jerry is quite taken by Talese's book on the dimes. I dicien interview with in tilut Got hia (free) on 350 radio stations when that ceno out. Le wa sup osci to send ins one,

Thanks and bost,
