Dear Harold,
Please note new
address.

I read The Enquirer
article and the enclosed
with casual distaste.
Typical. Dick Gregory
regrets to have and J.G.
as the "true patriots"
in his new book and
alleges CIA killed J.F.K.,
M.L.K., R.F.K., and Malcolm
X.

The magic theory
is given oblique refer-
ence in Special Unit
Senator on pages
158-160. You have it.
Was a magic/oid
figure really appa-

Removal in a Building
opposite The T.S.D.B. ?
Is there anything to
it ?

Honesty is the worst
market approach. If
X, Y, or Z had your data
they could cook up
a hot property. Publishers
like to say, "Dull, stale
but it's a hell of a
story, baby! Don't
let facts ruin it!"

Cybil was reacting
on N.H. and magnificent
i.e. Medical data. His
implication of a CIA -
Right Wing - Military -
Business "flat" behind
all the assassinations
was unwise.

Shades of Farewell
America!

I'll call again.
Try to get plenty of
rest.

Sincerely,
