Dear Harold,

The Senate CIA publishing probe was pathetic.

While P.W. could have encountered legitimate publishing problems, W.W.I. was targeted on "other" grounds.

According to the F.B.I. "study", the only Weisberg mentioned is B. Weisberg, author of an ecology and anti-UBK book. Yet the memo I sent proves otherwise.

The Charrier article raises a Bay issue - Funneling of Nuts. Skalmisk is insane and crazy.

This type is readily funded. Very successful. Just like U.S. state times.

As regards that Memo,  
Watson was probably  
only a consultant.
