Dear Harold,

Re: Weakt.

The coverage was vague on Weakt was! I could not even find it.

The R./A.P. line of "two assassins" obscured the R.F.K./Kennedy attack to the general reader.

The N.Y.T. hit the Kennedy Family and linked Cyril to J.G. by way of N.C.I.A.

The question: What is Cyril's plan for a future release?

I find a medical journal a better outlet at least than A Farewell America line on Nebel!

R.F.K., a few hours after King's assassination, decided the conspiracy theory. He is not blameless but a minor figure in evil.

I assume we'll hear more from Cyril.

Best Wishes,

B

Re 9/1: Hadn't seen Earth News reporting of Sundance fandango, but it was bad enough knowing Mae and have Realist issue and Freep retread.

You oversimplify on Cyril's future plans. I have always figured on some scientific journal, most likely Forensic Sciences. But that is where it will mean professional credit and money for HIM. For us it means a more solid establishment of the inherent evil if it gets any attention.

You oversimplify in contrasting with the Farewell America line. Can you conceive that it is a parallel of that line, regardless of his intentions or those of his lackeys?

Neither RFK's nor the position of any other Kennedy can be dismissed in a sentence or two. All of this, too, is quite complex and I believe those who have passed opinions have ignored the realities, of their lives and situations and of context and prospects. By now it should be clear to you that whether or not Teddy is terrified, his mom is. This, too, is still over-simplified.

I do not assume that I'll hear further from Cyril. I've had comment on the letter I sent him from others, but not from him. I don't consider him stupid, as Dick says, or insensitive. I do consider he knew exactly what he was doing and its potential. I further assume that was the consideration of least concern to hi,. Hasty best,
