

Dear Scott,

10/7/94

Thanks for your 10/1 and its enclosures. Some of them will take some time to read so I'll respond to your letter before reading them.

I think I heard when I was in OSS that Hoo Berg was working for us but I'm not certain after all these years. I do recall that I was not surprised when his bio. was reported so I probably had heard it. Not unusual. My first shop in the OSS was made up with a fair delegation from Hollywood, and we were not spooks. The then famous actor Sterling Hayden was a spook and a very daring and successful one. He worked with Tito in Yugoslavia.

I've not heard a word about Penn Jones.

I'd had suspicions about those backyard photos but then Marina said she really did take them and the other copies turned up. There is much that is not explained, but I know of no way of disputing the other copies or Marina.

That you never heard from CGG is merely part of your education on publishers.

We do not know enough about the O.J. case to really know whether or not he did it but we do know that all of public authority is behaving wrongly and trying to poison the public mind and that of coming jurors. Also the media. When this happens we have to be suspicious and I am. It is because he is so famous that the media has gone ape but the judge is flogging the wrong horse in flogging the media. He should be laying on the police most of all and public authority in general. The media did not do the leaking. The leakers should be punished.

Great idea taking those college course! Good luck!

While Hood College, Fredrick should reach it the address is 401 Rosemont Ave., the zip 21702.

Please thank Mike. I'm sure they'll be glad to get the copies of those old magazines.

Thanks and best wishes,

Harold

Dear Mr. Weisberg,

Enclosed you will find various magazines and news clippings. Included with this there is a book review of Case Open in The Fourth Decade. The magazines and book review were sent to me by Mike Stanke of Wisconsin. He asked me to send them to you when I was finished looking at them. The news clippings are ones that I had saved. I'd have sent all of this to you earlier, but I've been extremely busy.

I've sent you a small blurb about Moe Berg. He was a catcher for the Boston Red Sox and an employee of the OSS. Do you know anything about him? I'd appreciate knowing anything that you could tell me about him.

There has been a rumor circulated that Penn Jones has died. I cannot confirm this, try as I may. Do you know if Jones is alive or dead. Again I haven't been able to confirm this so that is why I'm asking you.

I'd also like to know your opinion of the backyard photos of LHO with the gun and copies of The Militant. In your opinion are these photos forgeries or are they authentic? In all our letters I've never asked you about this because it's slipped my mind.

AS you can see I've sent letters to James Earl Ray and Carroll and Graf. To date I've received no response to either of these letters. Why is it that book publishers feel no responsibility towards the legitimate concerns of their readers?

I want you to know that you have inspired me to keep records of historical events. Therefore I have begun a file on the OJ Simpson case. I have every single news article on this case since 6/12/94, the day of the murder. It is all filed and at the conclusion of this case I plan to write an annotated bibliography of everything I've collected. From your background and what has been reported do you feel that OJ is innocent or guilty of the murders? Also what is your opinion of the media coverage that this case has received?

I also wanted to tell you that on 10/4/94 I am starting a college course on news reporting and newspaper writing. You were my inspiration on deciding to take this course.

How are you feeling? I hope you and Mrs. Weisberg are well. I hope you enjoy all the materials that I've sent to you.

Sincerely,

Scott Wilson

PS Could you furnish me with an address for Hood College? I'd like to write there and get a brochure about the school.
thanks.
