Dear Harold,

Enclosed find clippings of interest on JFK and MLK. How have you been?

I hope you are doing well. Don't know if you heard about deaths of Penn Jones and Irving Diamond. I've enclosed Diamond's obit. I found out about Penn Jones through Andy from The Last Hurrah bookshop. Andy is sending ~~me~~ 3 newspapers from Texas with Jones obits. Are you still writing and if so what are you writing? Was wondering if you ever had the painting done on your house. I've been studying Edwin Walker recently. Besides what we already know about him being a right wing nut is there any thing else that you could tell me about him. Do you know of any books about him particularly a bio. I've asked Andy from Last Hurrah but he says there is not much about Gen. Walker. Things have been pretty good for me. I stay busy with my job, house and kids.

I just saw a repeat of The men who killed Kennedy and I saw them interview you in your basement.

Hope you are well.
More clippings to follow.

P.S. If you are still taking visitors, may try to come down that way maybe in April or May. Would very much like to spend time with you but have to see what my money situation is like.

Dear Harold,

Enclosed find related clippings of current events regarding the MLK case.

Hope you are both feeling well. I had meant to ask you this when we spoke on the phone but I had forgotten. How did you make out with the painting of the outside of your house?

I had also wanted to ask you your thoughts on the Jon Benet Ramsey murder case. This is the case of the 6 year old beauty queen that they found murdered last Xmas in the basement of the family home in Boulder, Colorado. Last week Cyril Wecht was on television discussing the autopsy report of this little girl. The crime scene was also compromised when the father moved the dead body from where he had found it in the basement to the first floor of the house. I think Henry Lee is also working on this case. I'd be interested to know your thoughts about this case and who might have committed the murder. If you are interested in this case, I have a large file on it and could copy it for you.

Take Care, .

Scott
