Dear Scott,

Hasty thanks for your 3/10 with enclosures on a day the mail is a bit heavy.

Glad to get that day stuff. I hear from Jerry that the family has been talking to Oliver Stone and Bill Pepper about a movie.

We are about the same, thanks. I've having some itching the dermatologist believes comes from the many medicines I take.

Glad you like NEVER AGAIN as you do.

Of course when I wrote it I hoped it would appeal to people.

Rae Barret had graduated Hood College and return^{ed} to take her master's degree. She worked for me for a while and was invaluable. I've not heard from her for some time. She returned to Vermont to care for her grandparents.

She was a fine person, too.

She'd been a social worker in a hospital when she went back for her master's degree.

Thanks and best wishes,

Harold

Dear Harold,

As per our recent phone conversation last week I'm sending you all recent copies of the current situation with the King case and Ray's health. For your King records.

How are you feeling? I hope you are both well.

Have been reading the preface and intro to Never Again. Your writing is passionate and masterful in those passages of Never Again. Reading your writing eases some of my pain and frustration regarding the assassination. Your writing has been the only writing that has been able to ease my heartache somewhat. Have been busy lately with my job, ~~and~~ raising 3 kids and trying to renovate my house. Have begun painting the ~~of~~ outside of my house.

Can you tell me who Rae Barret is and how she came to help you establish your files? Reading the beginning of Never Again made me curious to know more about this obviously special person.

Take Care and Godspeed to you both.
Your friend,

Johnnie Wilk

P.S. Sent your letter to Cesar the same day we talked.
