Dear Harold,

Enclosed please find clippings of interest. Clippings on George Lundberg and JAMA and their editorial policies, Humes obit and DNA testing on JFK bullets.

Sorry I've been out of touch for so long. I think about you both often. How are the situations with the health of you both? Last time I'd written Lil was in a nursing home. Hope she has been able to come home. Last time I'd written you were preparing to have dialysis. How has that gone?

My painting business keeps me extremely busy and tired also. That is because I do everything by myself meaning all the administrative tasks plus all the actual physical work of painting, climbing, carrying buckets, ladders etc. Am 38 years OLD And it is an extremely physically demanding business.

Was wondering what you've been up to with your writing and if you still walk in the AM.

Any comments you can provide on the clippings would be welcome.

Was also wondering since Ray died what if anything is the status on that case and situation with his brother Jerry trying to keep alive any efforts to clear his brother's name.

My prayers that you are both well healthwise.

Possible that I may try to come for a visit soon as soon as I finish up a large paint job I'm on now.

Sincerely,

*Scott Wilson*
