Dear Harold,

I was so pleased that you received the award at CPA. While I know that you wish because you must it was pleasing to me that you were actually recognized. You deserve it so, be well. So good work. Love in hand.

All the best

Andy Williams

P.S. Did anyone inform you that among the reasons Herman Miller gave for not showing us that he thought you might show up to collect your plaques? That set off another round of questions for you.

And warm wishes
are in order!
