Dear Mr. Rothermel:

Harold Weisberg suggested that I write to you concerning the book Farewell America and the manuscript of it that he provided you. I would like to obtain the manuscript from you and for this request I have Mr. Weisberg's permission. I would also like to obtain any other relevant materials or documents on the book Farewell America, the film Executive Action and book by the same name that you might have or might be able to assist me in acquiring (or photoduplicates of such materials or documents.)

Mr. Weisberg was to have flown to Dallas this last week but got tangled up in a significant legal suit that required his immediate and prolonged attention.

My interest in this subject is historical primarily, for I wish to have the documentary base of this episode extant for future generations. I also am working up my notes and investigations into this terrible book and the movie spin off in order to leave a connected record in manuscript if I am unable to find a publisher.

I have spent many years on the subject of the assassination of President Kennedy and have published a nationally circulated annotated bibliography, lectured, held symposiums, and delivered professional papers. At present I am gathering the documentary base for future generations and am hopeful that you will be able to assist me in this quest.

Sincerely

David R. Wrone
