Dear Harold & Lil;

Thanks so much for the hospitality and taking time out of your busy ~~work~~ days to talk to one from the outlands. I tried out the chicken recipe, twice, the kids love it. and Elaine says there is hope for me yet.

I enjoyed meeting Virginia Lewis and Jerry McKnight, they are certainly a cut above the usual academician. (Our dean's assistant sent them a brochure on the TV tapes.)

The Madison Issues and Controversies group, if that is their name and not operating lingo, will not be operational until September 1, but are interested in HW etc., and nothing can be done until then. Legal, technical, and dignity problems arise if the girl would try before then. The local black groups will draft a letter about you and the symposium to accompany the TV tapes and provide, access, to use their word. Please refer to them if you need black references: Jim Vance, minority advisor; Black Student Coalition, the student group. Of course I will mail copies of everything when available.

By today there should be a check in the mail to you from the University for 151.00 to pay for material I took back.

The University is contacting MR. Gandolfo, after he phoned me.

regards

david Wrone
