Dear Harold,

When speaking to you
the other day - enclosed is
an article about a man I
have mentioned to you
and that somehow Jane
got to after I did - some
coincidence? I will get
"Died in Battle" registered as
soon as I can and forward
it to you -

Hope this finds you
in less discomfort - Please
give my very best to Sil.
as always,
Paul

Dear Paul, It took 3 1/2 weeks but your mailing of the 25th of last month came today. I look forward to reading the Wexler article. In part the delay was because it was 3rd class, in part because all but 1st class is slower than usual because United Parcel is on strike. This has overloaded the post office... I'm tired from a taxing day yesterday and a trying one from my own carelessness today. So I'm going to go to bed and get up earlier and fresh... I'll be leaving for about 10 days with my mother in the early a.m... Below the level of consciousness the fatigue may come from JL's filing of a large damage suit for me today against Edward Bennett Williams et al. He let the statute of limitations run on us when he represented us in the damage suit against the government over the helicopters. I've not heard from Jim. He told me last night he'd be doing it today. We'll not be doing anything to attract attention to it. Besides he is counsel to the Post... We are both okay. Hope you are. Nothing new not enclosed. Except preparations for reprinting of Photo Whitewash. Thanks, HW 10/21/76
